

BEAT THE RECESSION

and earn over

\$600,000

You have been randomly chosen to be one of the very first to participate in Australia.

Hi my name is Beverley Martin, I'm married and 49 years of age, I have lived in Manchester U.K all my life. In Feb 08 the recession hit really hard here with house prices falling a whopping 40%. I was tired of always struggling with money and I wanted to be wealthy like other people. So I decided to get off my bottom and do some thing about it.

I set myself up for life when I discovered a new way to tackle the recession head on. A system that allowed me to bank over 750,000 pounds in the past 12 months, I have never thought of myself as a brainy person in fact very ordinary. Then I invented my amazing business plan, never in my wildest dreams did I think It would be so successful, until it swept the UK the first time, and went even better taking Europe by storm.

The very first time I used it I earned over 317,000 pounds, the second 343,000 pounds and the third 358,000 pounds in only 5 months, because by now nearly every one had heard of my plan.

This system is so good it can be used over & over again.

I'm now laughing at the recession. Despite the hard times that most people are experiencing at the moment, my income has been totally unaffected and is permanently insulated by troubled financial times, in fact it's only getting better because like it or not, every one needs money.

This amazing business plan works perfectly every time.

Please don't throw this chance away it could be the turning point for your family's financial future. This is a completely fool proof and genuine way to make a lot of money, the quicker you start the quicker your money will start rolling in, and all it's going to cost you is under \$200 to reap financial independence. I make a consistent six figure income, there's no staff required only a tiny set up capital required. The great thing is you can operate anywhere and I am willing to give you your best opportunity ever in beating the recession, free of charge.

This plan may seem to good to be true at first, but it is a deceptively simple and easy way of earning large amounts of money.

How to use my simple step-by-step plan

At the end of the letter you will see a list with five names and addresses, when you decide to go ahead write your name under the other five names.

1. Place \$20 inside a folded A4 piece of paper, write the (Top) first name on it plus the words
“ Please accept this \$20 gift from me”.

(This guarantees that you are operating legally in Australia.)

2. Put the \$20 in an envelope, write the name and address of the person on top of the list and mail it.
3. Remove the top name from the list, write your name and address under the last name, you now have your new list. Type out a new list and place it over the old list on the letter before you start your photocopying.
4. Photocopy this letter in it's entirety (along with the five new names) and make a minimum of 200 copies. There is no limit to how many you send, the more you do the greater the rewards. Buy 200 stamps, 200 business size envelopes. Place the letters inside, address, and mail them straight away. The cost of this will be less than \$200 (how much depends on where and what you buy) once it's all done just sit back and wait for the money to start rolling in, and that's guaranteed.

Please note I do not benefit one cent financially from you only you will, when you reach the No1 position, but I do need you to participate.

Time wise all it is going to take you is one day to write out the names and addresses then put them into envelopes, the total cost will be under \$200.

The very last thing I need you to make sure you do is use names and addresses from the white pages or the internet only. It can be from any state or territory, but do not use any form of mailing list, these don't work.

Remember if you don't send your \$20 then this will not work, it's a small outlay when you stand to earn a possible \$600,000.

How it works

It is safe to estimate that a minimum of 4% of people who receive this letter will send it on.

We anticipate your return will be higher than 4% because of past results, and it's far better to use the lower guideline because it's so easily achievable.

1. Post 200 letters out to 200 different people and in response, eight people will send off their 200 letters, a total of 1600 sending you to the new No 4 position.
2. Once the 1600 people receive their letters, 54 people (4%) will respond by posting their 200 letters, a total of 12,800 sending you to the new No 3 position.
3. Now the 12,800 people will receive their letters and 512 people (4%) will respond by sending off their 200 letters, a total of 102,400 sending you to the new No 2 position.
4. Now payday as it's commonly called when the 102,400 people receive their letters and the 4096 people (4%) will respond by sending off their 200 letters, a total of 819,200 letters putting your name at the No 1 position.

When the 4% of the 819,200 people have responded, you will be amazed to find that 32,768 people have sent you \$20 each and you will receive.....

\$655, 360.00

The Proven Money Spinning Plan`

Please note the only way you can receive this amount is if you start at bottom and work your way all the up to the top. I know of one person who tried to short circuit the system and put their name right at the top, they sent off their 200 letters and all they received was \$180.

This system is a proven money spinner having already taken the UK & Europe by storm; the money you earn is tax-free. There are no expensive franchise costs, what you are getting is an unbelievable chance of turning \$200 into \$600,000.

Please join me and over160, 000 people worldwide that already have had great success and made lots of money, remember you have to be in it to win it. (Never a truer word was said)

The very last thing I am going to say to you is, once you have sent off your \$20 the feeling of satisfaction, realization and belief that your business plan is now up and running will overwhelm you in the nicest possible way.
